

RAPID: Red Dot Applications & Pistol Integration Development

Enhance your pistol skills in our 1-day RAPID course. Master essential techniques for using red dot sights on handguns, gaining proficiency for diverse shooting scenarios. Tailored for those with prior pistol experience, this class accelerates your mastery of red dot optics, providing valuable insights on presenting pistols effectively. Ideal for civilians and officers, RAPID maximizes your performance with a Miniature Red Dot Sight (MRDS).

Participants engage in extensive hands-on training to seamlessly transition from traditional iron sights to MRDS. The curriculum incorporates a challenging mix of marksmanship and dynamic drills, enabling students to enhance their capabilities in accurately engaging threats across various conditions. The topics that will be covered include:

- Nomenclature and Zeroing
- Transitioning from iron sights to MRDS
- Creating a process from the Draw
- MRDS failure
- Defensive Firearms Use: Shooting and Moving

Required Equipment:

Eye Protection (wrap-around style)
Pistol w/ MRDS
